(c) (i) After an order is made under clause (a), the court may, under special circumstances, set aside the said order and, if necessary, stay or set aside execution and may give leave to the defendant to appear and answer, if it seems reasonable to the court so to do, and on such terms as the court thinks fit.

reasonable compensation to the defendant for the expense and injury caused to him. An order determining any such application for compensation shall bar any suit for compensation for obtaining such an order under clause (a).

substantial injury, it may, instead of dismissing the suit, (a) decree eviction subject to (1) the defendant being put in possession of the substituted kudiyiruppu, and (2) the deposit by the plaintiff in court of the amount determined by the court as necessary for the defendant removing into and erecting on the substituted kudiyiruppu buildings similar to those from which he is evicted; and (b) order that the amount so deposited or for which security is given by the defendant be paid to the plaintiff.

32. ## STATEMENT OF OBJECTS AND REASONS.

Grantees associated with the selection of land and tenant in Malabar have been exploiting the public land for many years. The demands of landowners and cultivating tenants for securing fairly of rents have long been the subject of constant consideration by the Government. Several special inquiries have been directed and held with a view to ascertain how far the demands put forward by and on behalf of the tenants were reasonable and what legislation was necessary to remove the disabilities which they suffered from. Attempts were also made from time to time to deal with their demands. Madras Act I of 1897 was passed for providing compensation for improvements to the tenants. This Act was repealed and re-enacted with additions and modifications in Madras Act I of 1902.

2. In 1904, Dewan Bahadur (now Hon'ble) M. Keshava Nayar Esq. introduced a Bill which favoured the several classes made on behalf of the tenants. The main remedy suggested by that Bill was the grant of permanent occupancy rights to nearly all tenants in Malabar except in certain reservations. The several considerations appertaining to the part of the tenant, the Government, in connexion of the suggested policy in the matter, afforded every facility to the tenants to put forward their case before the Legislative Council and they further tried to improve those portions of the Bill, which were opposed to what the Government considered was just and equitable, by making amendments. This attempt of the Government met with little success. The Bill as finally passed could not be accepted as a just and proper solution of the problem and the Executive the Governor felt bound to withhold his assent under section 81 (1) of the

Government of India Act. While doing so, His Excellency stated that he intended "to ask his Government to re-examine the whole question and to take such steps as in their opinion were most likely to result in further legislative proposals being framed with due regard to the considerations which induced His Excellency to withhold his assent." To give effect to this intention, a committee under the Presidency of Dewan Bahadur Bageswariya Pratsah, Esq., M.A., and consisting of prominent representatives of the landlords and tenants of Malabar was constituted in 1927, with instructions to re-examine the whole question and submit such proposals as they deemed necessary to improve the relationship between landlords and tenants in Malabar. In the order laying down the terms of reference to the committee, the Government expressed themselves as follows:—

"The Government's position on this question, as clearly indicated during the course of the discussion in Mr. Krishnan Nayar's Bill, has been that it is not profitable or just to go behind divisions of estates ranging over three-quarters of a century, which have constituted the full proprietary rights of the jama. The Government are therefore of opinion that any future attempt at legislation should take that right as a settled fact and proceed on the basis thereof. As a condition to that proposition, they think that any attempt to take away the rights of the jama in any substantial way, whether it be by the grant of permanent occupancy rights or otherwise, should be accompanied by adequate provision for reasonable compensation being paid to the jama. While this has to be accepted as the basis, the Government are also of opinion that in the case of forestlands at least there is urgent necessity for creating security of tenure, that the claim of the actual cultivator of the soil for security of tenure and security from arbitrary evictions must be viewed with considerable sympathy and that every possible attempt should be made to secure that it is him in so far as it can be reasonably done without injustice to the jama."

3. The Bageswariya Committee submitted its report in the middle of the year 1928. The principal recommendations of the committee were (1) that any legislation undertaken to remedy the grievances of the tenants should be optional, (2) that cultivating tenant-proprietors should be enabled to obtain title of tenure on certain conditions, (3) that customary tenant-proprietors (both cultivating and non-cultivating) such as karkas (tenants and karkas), karkas, karkas (both cultivating and non-cultivating) and cultivating tenant-proprietors and intermediaries in land-known should be entitled to obtain renewal in certain circumstances, (4) that the landlords should have the right to take the lands back for cultivation by them or by any members of their families subject to safeguards to prevent abuse of this right, (5) that the tenants should have the right to purchase the landlord's rights in land known in the event of a sale for estate, and (6) that regulations should be valid only under certain conditions. The committee was against the grant of permanent occupancy rights.

4. In the beginning of this year, the Government convened a conference of representative justice and tenants of Malabar and discussed the recommendations of the Baghavayya Commission. The Government have again carefully examined the whole question and give their best consideration to the views put forward by the members of the conference on behalf of the landlords and the tenants of Malabar. They have accepted the recommendations of the Baghavayya Commission with some variations and the Bill embodies the suggestions derived from them. It is hoped that the provisions contained in the Bill will materially improve the position of the tenants without prejudicing the inherent rights of the landlords and bring about better relationship between them. The appended notes on clauses explain in detail the more important provisions of the Bill.

#### NOTES ON CLAUSES.

*Proviso.*—Both the words 'alter' and 'amend' are used, as 'amend' is sometimes held to apply only to cases of alterations of statutory law.

The words 'to the extent', 'in the measure' and 'for the purposes hereinafter appearing' are used in order to show the restricted scope of the Act. It is not intended by this Bill to consolidate or declare the whole of the law of landlord and tenant. Even as regards the incidents of the tenures referred to therein, it is only some parts that are being altered by this Bill.

*Sub-clause (2) to clause 1.*—There is no sufficient reason to exclude Wynad as has been done in some previous attempts at legislation on this subject. Owing to climatic conditions, the lot of the tenant in, if anything, not so good in Wynad, as in the rest of the district. It is considered necessary to offer special inducements to him such as the grant of thirty acres clause 4 and 10 to 12, to induce him to stay in Wynad and improve the agricultural conditions of that part of the district.

*Clause 2.*—Lands transferred by a landlord for selling timber or for sugarcane cultivation or for planting tea, coffee or rubber and buildings owned by a landlord including a house, shop or warehouse, the site thereof, together with the garden or land appurtenant thereto are exempted from the provisions of this Bill.

*Clause 3 (a).*—The latter part of this clause has been put in with a view to provide for local variations in different parts of the district.

*Clause 5 (2).*—This clause provides for fixing fair rent in the case of dry lands, wet lands, dry lands converted into wet lands, garden lands and sites and lands within municipalities.

*Clause 6 (1).*—It has been found somewhat difficult to define the term 'lease.' It sometimes partakes of the nature of a loan and sometimes of a mortgage, and sometimes it is in usufruct mortgage. It has been thought desirable to indicate the general incidents of the tenures as easy short and simple definition may exclude transactions which have customary incidents of leases attached to them.

Clause 3 (g).—*Meicherb*,<sup>3</sup> as defined in the sub-chapter has somewhat wider meaning than the meaning popularly attached to the term in Malabar. It is, however, made purposely wide with a view to prevent the evasion of the rule against *meicherb* in clause 24 of the Bill.

Clause 4 to 6.—These clauses provide for application by the cultivating *verumpattamdar* for early of loans at any time or if and when a suit for eviction is instituted against him. The early is limited to the wet lands in the holding and such other lands as are necessary for the consequent enjoyment of the wet lands to the extent of one-fourth of the area thereof. Garden lands in areas of that area are deemed to be held as husbandry.

Clause 7 (A).—This describes the effect of a certificate granted under clause 6.

Clause 7 (A) (1).—This specifies one of the grounds on which a tenant can legally be evicted under all systems of land tenure.

Clause 7 (A) (2).—This provides for the landlord's right to take back the land for his own cultivation or use.

Clause 7 (B).—This provides for the return of the security furnished by the tenant on the landlord taking back the land for his own cultivation or use. The certificate-holder is empowered to sue for the restoration of the land if the landlord, after evictions, transfers any of the lands on lease, etc., within six years of the eviction.

Clause 8.—This contains special provision for speedy selection of rent by summary process on the lines of Order XXXVII of the First Schedule of the Code of Civil Procedure, 1908.

Clause 9.—A later certificate revokes an earlier certificate in regard to a certificate-holder with notice.

Clause 10.—This clause provides for the summary *verumpattamdar*'s right to get removal of the *verumpattam* leave and the removal fee to be paid by him.

Clause 11.—This provides for the husband's right to get removal of the husband and the removal fee to be paid by him.

Clause 12.—This deals with the right of the cultivating husband-landowner and any intermediary of the husband-tenant to get removal of the husband-tenant and the removal fee payable by them.

Clause 14.—This declares that there shall be no removal fee on the case of dry lands converted into wet lands.

Clause 15.—This fixes the time within which the removal fee should be paid.

Clause 16 to 17, 19 and 20.—These provide the proceeding for removal, etc. Clauses 15 and 16 are on the lines of section 45 of the Madras Estates Land Act, 1920.

Clause 18.—This clause confers on the landlord the right to take back the land for his own cultivation or use. Empowered to prevent abuse of this right is provided by enabling the tenant to sue for restoration in the event of the release of the land by the landlord within six years.

Clause 21.—This lays down the effect of the removal by an intermediary on the rights of the landlord's landlord.

Clause 22.—This enables the landlord to sue for removal for in certain circumstances.

Clause 23 to 25.—These deal with fair rent, liability for payment of Government services, municipal tax, services of rent, etc.

Clause 27.—This declares that those other than fair rent and removal free held under the Act are unfavourable against the tenant-holder and any person claiming removal.

Clause 28 to 31.—These deal with the tenant's right to purchase the landlord's right in land (rights) in the event of a wish for eviction.

Clause 32.—The tenant's rights are declared heritable and alienable.

Clause 34.—This declares that such rights will be valid only in certain circumstances.

Clause 35.—General fees, remuneration and rent are declared first charge on the holding after Government services.

Clause 36.—This deals with the right of the landlord-tenant-holder in relation of his holding to sue for sale of holding and of the right of the tenant to buy at such sale.

Clause 38.—A tenant who has obtained a certificate of title or removal may surrender his holding by registered document. The landlord is not bound to accept the surrender unless written notice in respect of the entire holding is given three months prior to the date of the expiry of the agricultural year and the whole of the remuneration and such due is tendered at the time of the surrender. The landlord is not bound to refund the improvements or to pay the value of the improvements.

Clause 40.—This provides for the application of the Civil Procedure Code to the proceedings under this Act. As these proceedings are to be conducted in Civil Courts, the Civil Procedure Code would apply to such proceedings under the general principles of law. But in certain cases doubts on the matter, specific provision has been made in this clause.

Clause 41.—This deals with the collector's duty of publishing a list of prices.

Clause 46.—This empowers the Local Government to make rules.

### FINANCE DEPARTMENT.

Dated, the 10th July 1929.

No. 7, 51/29.—The following correspondence with the Secretary of State for India in Council is published for general information:—

Despatch from the Government of India, Finance Department, to the Secretary of State for India, No. 2, dated the 7th March 1929.

We have the honour to address your Lordship on the subject of simplifying the rules concerning free and honorary in the Fundamental Rules.

2. Our proposals are the outcome of lengthy discussions with the Auditor General, who has repeatedly brought to our notice the fact that the existing rules are defective in form and content, difficult to apply in detail and ill-calculated to secure administrative efficiency. After mature consideration we find ourselves in substantial agreement with him for the following reasons:—

(1) The definition of "honorary" appearing in Fundamental Rule 5 (2) is too narrow in that it excludes the possibility of receiving payments for a series of services, each of which may properly be awarded by an honorarium. In such cases the audit authorities have frequently had to treat recurring honoraria as indefeasible from special pay.

(2) The Government of India consider it advantageous to be able to remunerate one for all special work of an occasional character without incurring contingent liabilities for increased leave salary and pension. Sometimes special work of this type recurs periodically, and the purpose of Government will not be served if the payments have to be treated as special pay.

(3) The Government of India have found it inconvenient in practice to have an elaborate detailed scheme for payments of this nature to distinguish those derived from Government and those derived from outside sources. The word "free" used in Fundamental Rule 4 is nowhere defined, and although all payments from outside sources are not by general usage termed "free", it appears convenient to reserve this term for payments from sources other than general revenues.

(4) The Government of India have observed some inconsistency among staffing authorities in the manner with which they permit Government servant subordinates to them to accept fees from outside sources. Certain authorities are prone to allow their subordinates to undertake commitments of the sort so long as they they cannot but have an injurious effect on their efficiency as Government servants. Other authorities are loath to concede claims in respect of trivial amounts received by local bodies and the like. We, therefore, think it desirable to introduce the simplified Fundamental Rule 46, which we view subject to your Lordship's concurrence, the two essential conditions which, we think, should obtain in all cases where a Government servant is permitted to receive fees from outside sources.

(5) The Government of India have at times been embarrassed by claims from their servants after the event for some pecuniary but successful service, for example the writing of a book, which that servant has undertaken without their knowledge and approval. They deem it expedient, therefore, to insert in the rule a provision that, except for special reasons an honorarium should not be granted unless the work has been undertaken with the prior consent of the sanctioning authority and its amount has been settled in advance.

3. We enclose draft amendments to Fundamental Rules 4 and 5 which will, in our opinion, reduce

both to administrative efficiency and to precision in audit, and at the same time make it clear to Government servants in general the types of services for which honours or fees may properly be availed of. We hope that these proposals will meet with your Lordship's approval.

4. We take advantage of this opportunity to suggest the adding of a clause to Fundamental Rule 45 in regard to the grant, without special approval, to each individual case, of rewards to officers for services in connection with the administration of the customs and excise laws. Such rewards do not at present fall within the scope of Fundamental Rule 45 (2), and the sanctioning authority have to seek that proper sanction is granted by the competent authority under Fundamental Rule 47, and the rules framed thereunder, for the acceptance of the reward. The effect of Rule 45 in such case is the loss of the department's loss in revenue, the acceptance of a reward, and that of the amount of the reward exceeds Rs. 500, the Government of India have to sanction the reward. This procedure seems unnecessary. We, therefore, propose that as in the draft amendment enclosed a clause (d) be added to Fundamental Rule 45, to enable any Government servant to receive a reward of this sort without the special permission of his official superior.

5. If your Lordship approves of our proposals, we desire to publish the amendments to publish simultaneously this Gazette and your Lordship's reply. This will enhance the value of future interpretations of the rules on the subject.

Enclosure to Despatch No. 2 of 1929.

#### DEATH ALLOWANCE TO THE FUNDAMENTAL RULES

Insert the following as rule 5 (2a) —

a (2a). For want of a recurring or non-recurring payment to a Government servant from a source which that person receives whether made directly to the Government servant or indirectly through the intermediary of Government.

#### Rule 5 (2)

Substitute the following for this rule —

5 (2). Government servant receiving or non-recurring payment granted to a Government servant from general sources as remuneration for special work of an unusual character in circumstances which make it appropriate that the additional remuneration should and with the payment of the Government itself and should not, by being classified as special pay, meet for increased leave salary or increased pension.

#### Rule 45.

Substitute the following for this rule —

45. For and Honours. — (a) *For*. — A Government servant may be permitted by the general or special order of a competent authority, if it be satisfied that this can be done without detriment to his official duties or responsibilities, to perform a special service or series of services for a private person or body or for a public body, including a body administering a local fund or for an Indian State, and to receive as remuneration therefor, if the service be unusual, a non-recurring or recurring fee.

(2) *Honours*. — A Government servant may be granted an honourarium from general sources as remuneration for work performed, which is unusual in character and value as including any of such special work as to justify a special reward. Except when special reasons, which should be recorded in writing, exist for a departure from this provision, an honourarium should not be granted unless the work has been undertaken with the prior consent of

the sanctioning authority and the amount has been settled in advance.

#### For and Honours.

(c) In the case of both fees and honours the sanctioning authority shall record in writing that due regard has been paid to the general principle mentioned in Fundamental Rule 11, and shall record also the reasons which in his opinion justify the grant of the extra remuneration.

#### Rule 47.

Substitute the following for this rule —

47. A Government servant is eligible to receive without special permission —

(a) the pension awarded for an essay or plan in public competition;

(b) any reward offered for the arrest of a criminal, or for information or special service in connection with the administration of justice;

(c) any remuneration or reward payable under any special or local law, or in accordance with the provisions of any Act or regulation or rules framed thereunder; and

(d) any reward mentioned for services in connection with the administration of the customs and excise laws.

EXTRACT FROM THE SECRETARY OF STATE FOR INDIA IN CONSULT, TO THE SECRETARY OF THE ROYAL HONOURABLE THE GOVERNOR-GENERAL OF INDIA IN COUNCIL, No. 7-FUNDAMENTAL, DATED THE 25th APRIL 1929.

Having considered in Council the Despatch from Your Excellency's Government, Fundamental in the Finance Department, No. 2, dated 7th March 1929, regarding an amendment of the rules concerning the acceptance of fees and honours in the Fundamental Rules, I concur in the amendments proposed, subject to the points of detail mentioned in the following paragraph.

2. Having regard to the proposed deletion of the word "for" the words "or for" should be omitted from rule 47.

The letter part of the proposed rule 5 (2) does not appear to serve any useful purpose and has accordingly been omitted.

The existing rule 45, from the phrasing, could scarcely be held to cover the acceptance by medical officers in civil employ of fees for professional attendance, but clause (c) of the draft rule 45 proposed by Your Excellency's Government is susceptible of this interpretation. I regard it as important that it should be clearly stated that this matter is regulated by the orders of the Secretary of State in Council, and the insertion after clause (c) of a note to this effect seems to me desirable. Further in order to make it clear that there is no service in connection with the existing position, under which the acceptance of acceptance of honours or fees by medical officers in civil employ for services other than professional attendance is regulated by rules made by the Governor-General in Council, I think it advisable to prefix to both clause (c) and clause (d) of the proposed rule to the words "Subject to rules made by the Governor-General in Council under rule 45."

3. I enclose a copy of a Resolution passed by me in Council regarding the Fundamental Rules as proposed by Your Excellency's Government, with the modifications indicated above.

4. I have no objection to the publication, simultaneously with these amendments, of the Despatch and of the Despatch from Your Excellency's Government in which it appears.

**Enclaves,  
Reservations.**

In exercise of the powers conferred by sub-section (2) of section 34 of the Government of India Act, the Secretary of State, with the concurrence of the majority of votes at a meeting of the Council of India held on the 23rd day of April 1929, hereby makes the following amendments to the Fundamental Rules, namely:—

(1) In rule 5 of the said rules the following shall be inserted after clause (d), namely:—

"(da) No person receiving or not receiving payment to a Government servant from a source other than general revenues whether made directly to the Government servant or indirectly through the intermediary of a third party," and the words (f) of the said rule the following shall be substituted, namely:—

"No person receives a pecuniary or non-pecuniary payment granted to a Government servant from general revenues or remuneration for special work of an exceptional character."

(2) For rule 55 of the said rules the following shall be substituted, namely:—

"46. *Enclaves and Reservations.*—(a) *Enclaves.*—In rules made by the Governor-General in Council under rule 44a, a Government servant may be permitted by the general or special order of a competent authority, if it be satisfied that this can be done without detriment to his official duties or responsibilities, to perform a specified service or series of services for a private person or body or for a public body including a body administering a local fund or for an Indian State, and to receive as remuneration therefor, if the service be material, a non-recurring or recurring fee."

Fort St. George, July 4, 1929  
(G.O. No. 3484, L & M.)

No. 1137.—The Board of Commissioners for Hindu Religious Endowments has brought to the notice of the Government that the temples specified in the schedule whose incomes are below Rs. 250 per annum in each case, which were originally under the supervision of the committees constituted under Act XX of 1923 are now without any supervision or control as under section 4 of the Hindu Religious Endowments Act, 1926 [Act II of 1927] the Act does not apply to them, that in some cases the trustees of these temples are not benefactors, that when the trusteeship becomes vacant there is no machinery by which the office of trustee can be filled and that in the absence of that control and supervision to which these temples were subject before the Hindu Religious Endowments Act came into force, confusion and mismanagement are apt to arise. The Hindu Religious Endowments Board has accordingly recommended that all the provisions of the Hindu Religious Endowments Act, 1926, except section 66 (1) relating to the levy of contributions towards the expenses of the Board, may be applied to these temples. Before issuing a notification as suggested by the Board, the Government desire to know whether the trustee of or any worshippers at these temples have any objection to argue against such application. If no valid objection is received by Government within a month from the date of publication of this notification in the District Gazette, the Government will proceed to issue a notification under the proviso to section 4 of the Act applying all the provisions of the Act except section 66 (1) to the said temples.
